AQUACTRL®2 windshield wipers

Perfect wiping performance – easy handling

Continental launches the next generation of windshield wipers, featuring improved technology, a new design and better handling – **AQUACTRL®2**. The new flat bar wiping technology ensures perfect wiping performance and crystal-clear visibility in all kinds of weather. Easy installation is always guaranteed, whether you use a pre-mounted adapter for DirectFit or a modular adapter system for MultiClip.

Your advantages at a glance

- › Original quality at the highest level from Continental
- › Modern, slimmer design
- › Easy handling and fitting
- › Symmetrical & asymmetric spoilers
- › Uniform pressure distribution
- › Extensive vehicle coverage

DirectFit - The convenient windshield wiper

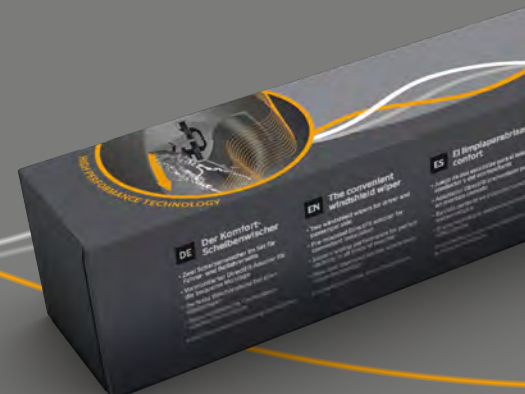

Pre-mounted adapter for convenient installation

The **AQUACTRL®2 DirectFit** windshield wiper convinces users thanks to its pre-assembled adapter for straightforward, fast and convenient fitting. The sets with 2 windshield wipers replace the existing wipers from the original equipment.

Two windshield wipers in a set for driver and passenger side

Original OEM quality

Patented rubber with graphite coating for longer life

AQUACTRL®2 DirectFit

Windshield wipers from Continental with flat bar wiper technology

Design²

Symmetrical and asymmetrical spoilers for maximum windshield contact (even at high speeds), two-part metal rail for even pressure distribution and patented rubber with graphite coating for longer service life

Installation

Pre-assembled adapter for particularly easy, fast and convenient fitting

Number of part numbers

77^{1,3}

Packaging

Wiper set

The right range for every requirement

Compact product range with sets that replace the existing original equipment wipers 1:1

Pre-mounted adapter in OEM quality

¹ Last updated December 2022

² Due to varying vehicle designs, deviations in wiper shape are possible for some vehicle models

³ 59 OEM type wipers, 11 RetroFit Wipers, 7 AQUACTRL®2 Single design sets

MultiClip – The smart windshield wiper

Included MultiClip adapters for flexible installation

The **AQUACTRL®2 MultiClip** windshield wiper convinces users as a single wiper with its modular system and included adapters for all common types of wiping arm. Simple, fast and flexible fitting is guaranteed so existing OE wipers can be precisely and easily replaced – all in the highest quality.

AQUACTRL®2 MultiClip

Windshield wipers from Continental with flat bar wiper technology

Design ²	Asymmetrical spoiler for maximum windshield contact (even at high speeds), two-part metal rail for even pressure distribution and a special connector for installing the adapters without an intermediate plate
Installation	Multi-clip adapters are included for all types of wiper arms to ensure easy, fast and convenient fitting
Number of part numbers	21 ¹
Packaging	Single wiper
The right range for every requirement	Compact product range with single wipers universally optimized with the modular adapter system for OE interfaces and replacing existing wipers

Flexible system with individual adapters

Suitable for all established wiper arms

OEM quality from Continental

Exact fitting thanks to included MultiClip adapters

¹ Last updated December 2022

² Due to varying vehicle designs, deviations in wiper shape are possible for some vehicle models

REARCTRL - The optimal solution

Can be fitted like the original equipment

The **REARCTRL** rear wiper can be directly fitted – uncomplicated and simple, it impresses all users with its best-in-class quality.

Rear windshield wiper

Optimized for individual vehicles

REARCTRL

Windshield wipers from Continental with flat bar wiper technology

Design²

Patented aerofoil for maximum windshield contact at high speeds, continuous metal rail and glued rubber element for maximum stability, special coupler for optimum pressure distribution

Installation

Can be fitted like the original equipment

Number of part numbers

40¹

Packaging

Single wiper

The right range for every requirement

A compact product range that replaces the existing OE wipers 1:1

No additional adapters needed
