Radiator Fan Assemblies with Control Modules

Top Selling Cooling Fans Assemblies with Control Modules

FA70796

Application: Ford Edge 15-07; Lincoln MKX 15-07

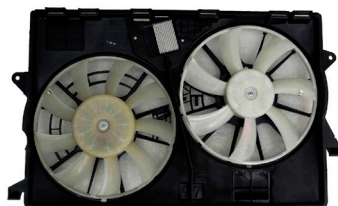

FA71750

Application: Infiniti JX35 2013, QX60 19-14;
Nissan Pathfinder 19-13

FA72133

Application: Jeep Cherokee 19-14

Tech Tip

Do not bench test a fan assembly equipped with a control module prior to installation. Fan Assembly control modules require a specific electronic signal and voltage from the ECU. Using a generic 12 volt power source will cause irreversible damage to the control module and fan.

Did you know?

Fan Assembly with control modules require a specific electronic signal and voltage from the ECU. Using a generic 12 volt power source, such as a battery charger, will cause irreversible damage to the module and fan. The first time many technicians replace a late model fan assembly they figure it's a simple electronic component replacement, and unfortunately, many fan assembly modules are ruined because of a lack of knowledge of how modern fan assemblies work.

Radiator Fan Assemblies with Control Modules Application Coverage

Continental Part Number	Applications
FA70238	Mitsubishi Galant 03-99
FA70240	Chrysler Sebring 05-01; Dodge Stratus 05-01; Mitsubishi Eclipse 05-00
FA70242	Mitsubishi Eclipse 2000, Galant 00-99
FA70267	Lexus RX330 06-04
FA70273	Mazda 6 08-03
FA70309	Mazda 3 09-04
FA70311	Ford Crown Victoria 05-03; Lincoln Town Car 05-03; Mercury Grand Marquis 05-03, Marauder 04-03
FA70475	Mazda MPV 06-02
FA70478	Ford Five Hundred 07-05, Freestyle 07-05; Mercury Montego 07-05
FA70511	Kia Amanti 09-07
